NAL Worldwide Expands Business Development Organization

*Industry Veterans Gary Bothmann and Dennis Fassetta Join Executive Sales Team
To Further Fuel The Company's Growth Strategies*

Westmont, Ill., January 20, 2006 – NAL Worldwide, an industry leader focused on customized managed supply chain solutions for complex programs, today announced the addition of two key sales executives. Named to the positions of Vice President, Supply Chain Solutions – Technology, Gary Bothmann and Dennis Fassetta will spearhead NAL Worldwide's efforts in the Technology industry. These new roles are part of NAL Worldwide's strategic development and continued plans for corporate growth.

“The combined experience of these two people will be of tremendous value to the growth of our organization, and I'm glad they are going to be representing us, “ said Douglas E. Christensen, President of NAL Worldwide. “This is an exciting time for NAL Worldwide, and we're moving aggressively to add more talent in 2006 that, in turn, will enable the continued development of new and innovative solutions for our clients.”

Gary Bothmann, Vice President, Supply Chain Solutions - Technology

Gary Bothmann joins NAL Worldwide from Newgistics, Inc. where he has been a high technology practice leader since 2004 specializing in reverse logistics solution implementations for Fortune 500 companies. Previous to that, he was a senior national account director for Alorica, Inc. Gary holds a BA in finance from Illinois State University. He is an active member of the Council of

Supply Chain Management Professionals and currently serves as president of the Dallas, Ft. Worth roundtable.

Dennis Fassetta, Vice President, Supply Chain Solutions - Technology

Dennis Fassetta joins NAL Worldwide from Ingram Micro Corporation where he was serving as national account director collaborating with Fortune 500 software and hardware manufacturers in the development of supply chain outsourcing programs. Previous to that, he served in program operations and client development roles for a variety of technology companies such as BCM Advanced Research and Texas Instruments. Dennis holds a BSEET from the University of Houston and a MBA from St. Edward's University.
